4.21 CEO LEAVE AUTHORISATIONS AND OTHER APPROVALS

Objective

To define the Council's expectations for the CEO to report and inform Council of proposed leave or leave taken, with or without payment, and to provide information on the CEO's hours under the Contract of Employment.

Policy

The Shire applies the following detail of any leave taken, with or without pay, including the detail of the reasonable additional hours under the CEO employment contract. The CEO shall also provide details of all corporate credit card purchases issued to him/her and any reimbursements the CEO has claimed.

The reporting to Council is to be prepared by the Executive Manager Corporate & Community Services by way of a standing agenda item to every Ordinary Meeting of Council (OMC) and will contain sufficient relevant details to enable Council to substantiate that:

- the CEO was entitled to and had sufficient credits for the leave taken;
- the leave taken was an entitlement under the CEO's employment contract;
- any claim for additional hours worked beyond reasonable additional hours under the Contract of Employment are justified and acceptable;
- expenditure on the CEO's corporate credit card has been incurred in accordance with the Policy 3.4 Purchasing Policy and Policy 3.7 Corporate Credit Card; and
- the CEO had incurred legitimate work-related expenses to be reimbursed.

The OMC agenda item is to be prepared by the Executive Manager Corporate & Community Services based on the relevant forms completed and certified by the CEO (Timesheets) providing details of leave, additional hours, credit card transactions and reimbursements that have occurred during the period.

The relevant forms are:

1. CEO's Leave Application Form

4.22 SALARY SACRIFICE

The objective of this policy is to provide the guiding document for the provision of various salary packaging options to eligible Shire of Morawa employees. Salary Packaging is primarily an attraction and retention tool and hence this policy aims to increase staff attraction and retention.

Policy

This Policy is applicable to all full time, part time and fixed term employees (longer than 12 months duration). It provides for the salary packaging of an Allowable Benefit with specific eligibility criteria applicable relevant to the Allowable Benefit sought. For clarity superannuation is already offered as a salary packaging benefit by Council and will continue to be offered outside of this Policy to all employees including casual employees.

Term	Meaning
Allowable Benefit	Refers to the following range of Salary Packaging Benefits: <ul style="list-style-type: none"> • Work related items – i.e. laptops, mobile phones. • Aquatic/Leisure Centre and Child Care Fees (at Shire operated premises only). • Novated Leasing of Vehicles.
ATO	Australian Taxation Office.
Base Cash Salary	Remuneration in accordance with relevant workplace agreement or contract of employment paid by way of regular periodic cash payments subject to PAYG tax. This does not include superannuation guarantee contributions.
Benefit	Any non-cash benefit and cash payment (other than base salary) made or expected to be made for the benefit of the employee.
Fringe Benefit Tax (FBT)	Tax payable by the Shire to the Government on some categories of benefits provided to employees.
FBT Year	1 April to 31 March each year.
Management	Any employee who has direct responsibility for supervision of one or more workers.
PAYG	Pay As You Go taxation.
Salary Packaging	An arrangement between an employee and employer whereby the employee elects to exchange Base Cash Salary for a Benefit but for the purposes of this Policy does not include superannuation
Total Remuneration	Total package value assigned to the permanently occupied position that the employee is entitled to receive under an agreement or contract of employment with the Shire expressed as an annual sum.

Content

Salary Packaging will be made available to employees as a benefit in accordance with Shire internal procedures and in accordance with ATO legislation, rulings, and any other relevant legislation, as amended from time to time, but only to the extent of an Allowable Benefit as defined in this Policy.

Salary packages will be adjusted accordingly (within an employee's agreed Total Remuneration) to account for variations in a salary packaging arrangement, including variations in an Allowable Benefit, taxation, and scheme participation.

Salary Packaging arrangements will be administered at minimal financial cost to the Shire and where required by the CEO, by an external Salary Packaging provider approved by the Shire. As part of any Salary Packaging arrangement, the cost of administering the package (if applicable) is to be met by the participating employee.

Any Fringe Benefits Tax (FBT) or other tax liability is to be met by the participating employee. All employees entering into a Salary Packaging arrangement must enter into an agreement appropriate to the type of Benefit. All employees must ensure compliance with the agreement entered into and all organisational practices and procedures, as amended from time to time.

It is an individual employee's responsibility to monitor packaging arrangements and to be aware of and responsible for any individual consequences of participating in an arrangement relating to an Allowable Benefit. The Shire strongly urges employees contemplating Salary Packaging to seek independent financial or other appropriate advice. Benefits of participation will vary according to individual circumstances and individual participation, therefore participation is a matter of individual employee decision, responsibility and risk.

Responsibilities

Elected Members are responsible for:

- Adopt and review this policy on a periodic basis as required.

CEO is responsible for:

- Endorse and enforce all standards documented in this policy;
- Endorse and enforce Salary Packaging internal procedures which include, but are not limited to:
 - Eligibility and participation criteria
 - Rules for application of Salary Packaging;
 - Processes and/or forms to ensure an effective, compliant scheme;
 - Information capture requirements;
 - Training requirements.
- Regularly review Salary Packaging opportunities to continuously identify opportunities for improved attraction and retention of staff;
- Establish mechanisms to monitor compliance with this policy; and
- Establish processes to deal with instances of non-compliance to this policy or related internal procedures.

Eligibility

Specific eligibility and participation criteria apply dependant on an employee's employment status at a point in time, and the Allowable Benefit provided. The Shire's internal procedures detail criteria further to that outlined below.

Work Related Items

The following items, where used for work purposes only and not provided by the Shire, may be paid for from an employee's pre-tax salary:

- portable electronic devices (laptops, mobile phones and PDA's)
- protective clothing
- briefcase
- calculator
- computer software

There is a limit of one item per category per FBT year.

Novated Leasing of Vehicles

Novated car leases for new or used cars may be packaged by employees. A car classified as 'luxury' by the ATO cannot be salary packaged. Novated leases may not be entered into for Shire provided (fleet) vehicles.

In entering into a novated lease, Council and an employee will enter into an agreement with the financier whereby Council will ensure repayments under the finance lease are made by deducting the repayment amount from the employee's salary.

The employee will own the vehicle and has the right and responsibility to take the vehicle with them should they leave employment of the Shire. The employee is responsibility for all costs associated with the vehicle and Novated Lease

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 31 December 2019

Prepared by: Bob Waddell (Local Government Consultant)

Reviewed by: Bob Waddell (Local Government Consultant)

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of Local Government (Financial Management) Regulations 1996, Regulation 34. Note: The Statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

SIGNIFICANT ACCOUNTING POLICES

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

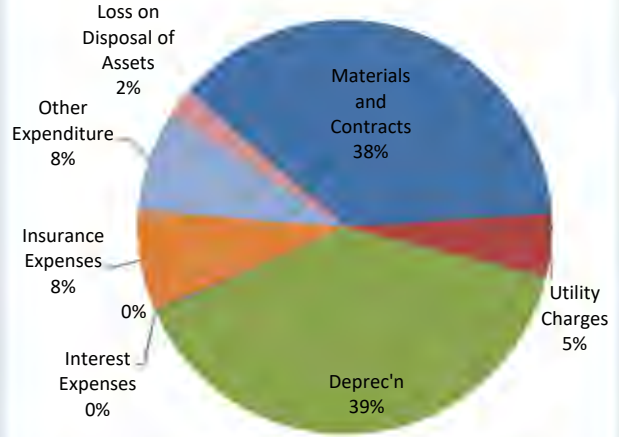

ROUNDING OFF FIGURES

▲ ▼ Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to Note 2 for an explanation of the reasons for the variance.

The material variance adopted by Council for the 2019/20 year is \$10,000 and 10%.

This statement is to be read in conjunction with the accompanying Financial Statements and notes.

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

EMPLOYEE BENEFITS

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave
(Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the City has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the City expects to pay and includes related on-costs.

(ii) Annual Leave and Long Service Leave
(Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the City does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

PROVISIONS

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

INVENTORIES

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

SIGNIFICANT ACCOUNTING POLICIES

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

INFORMATION

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 31 January 2020
Prepared by: Bob Waddell (Local Government Consultant)

BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of Local Government (Financial Management) Regulations 1996, Regulation 34 . Note: The Statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

SIGNIFICANT ACCOUNTING POLICES

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

EMPLOYEE BENEFITS

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave
(Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the City has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the City expects to pay and includes related on-costs.

(ii) Annual Leave and Long Service Leave
(Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the City does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

PROVISIONS

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

INVENTORIES

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

SIGNIFICANT ACCOUNTING POLICIES

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

SIGNIFICANT ACCOUNTING POLICIES

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.
